

JD Financial Associates

## **JENNIFER DENIL, CPA**

Over 25 years of experience in both public and corporate accounting.

In November 2014, I formed my own accounting firm, JD Financial Associates, with a concentration on providing outsourced controller/CFO services to owner-operated companies. I focus on providing owners with high-level financial, management and operational reporting while working with existing accounting and operations personnel. This model allows closely-held businesses to benefit from my expertise without the financial commitment of a full-time employee.

Accounting experience includes the following areas of services:

- Audit, review, compilation and agreed upon services engagements
- Tax preparation and advisory services
- Bookkeeping services
- Software implementation and utilization
- Operational accounting, processes and controls
- Forensic accounting services

Areas of expertise include:

- Budgets and forecasts
- Key ratios and metrics monitoring and reporting
- Staff coaching and development
- Process evaluation for improvements and efficiencies

Experience in general service, distribution, manufacturing and contractors; non-profit; real estate; niche industries such as insurance agency and provider, PEO, buy here/pay here, medical practices.

Following is my recent employment history:

- PBG Financial Services, Ltd., Northbrook, IL – October 2009 through October 2014
- Steinberg Advisors, Ltd., Northbrook, IL – January 2008 through September 2009
- Veatch, Rich & Nadler Chtd. (subsequently American Express Tax & Business Services and RSM McGladrey), Northbrook, IL – February 1998 through December 2007
